

APPENDIX F – WATER USE LICENSE(S) AUTHORISATION, SAHRA INFORMATION, SERVICE LETTERS FROM MUNICIPALITIES, WATER SUPPLY INFORMATION

1. Water Use License authorisations

Water Use License application for the project is underway. Application process has now reached Phase 3 of the process with technical documentation required to be submitted. This application covers Water uses including Section 21 (c) and (i) uses.

2. SAHRA Information

The South African Heritage Resources Agency (SAHRA) has been included as an I&AP as part of this project's database. Any comments and communication with SAHRA will be captured in the Table of Correspondence recorded as part of the Public Participation Report of this project.

3. Service Letters from Municipalities

As per the WUL, the City of Johannesburg Metropolitan Municipality is the applicant. In this regard, the applicant of the WUL is the service provider. Therefore, service letters are not applicable.

4. Water Supply Information

As above, because the applicant of the WUL is the service provider, water supply information is not applicable and therefore, has not been included in this report.
